This attestation embraces only the scope and perimeter here mentioned. It is untransferable and cannot, under any circumstances, be unilaterally modified or altered. This attestation represents a positive appreciation of a system at a given moment. It cannot be assimilated to a certification, a guarantee or a notification of conformity with the requirements of any law or regulation enacted by a national or international administration. Under no circumstances may the organisation claim that it or its products/services comply with laws and/or regulations simply because it is a holder of this attestation. The organisation commits itself to be unambiguous and sincere when referring to AFNOR Certification's interventions or to this attestation and to take all necessary measures in order to avoid any amalgam with a certification of services or a label as stated in the French Consumer Protection Code.
