LOGOPLASTE’S ECOVADIS AND CDP RESULTS

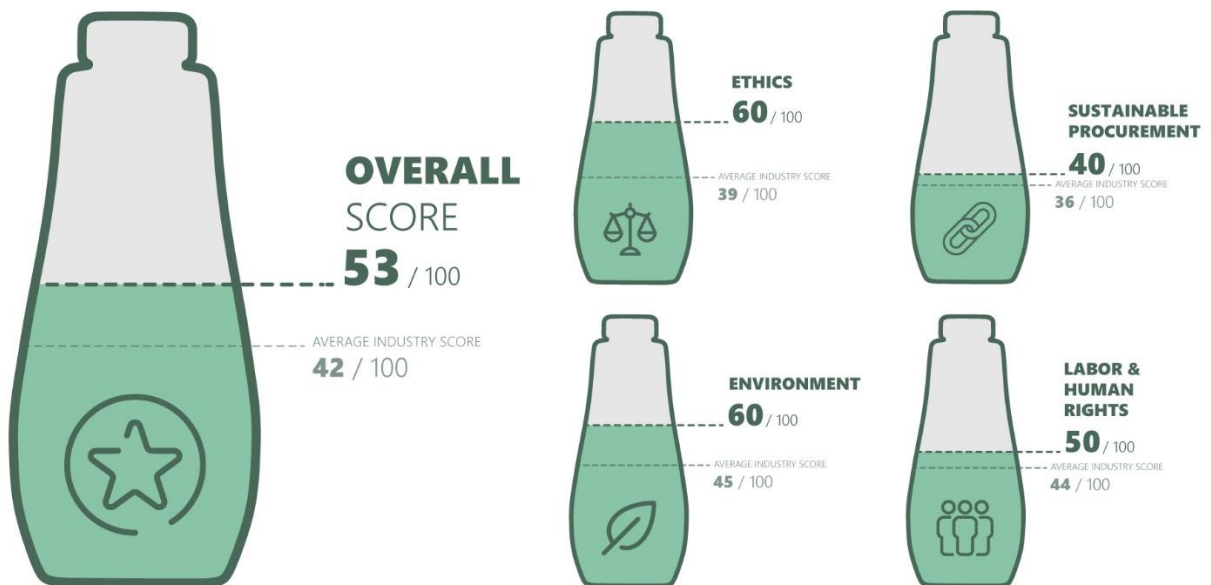

HIGHEST SCORES EVER

Cascais March 6th 2019 – Logoplaste is delighted to announce that the results from EcoVadis and CDP are out and we have scored higher than ever!

EcoVadis is a sustainability rating platform that assesses our Corporate Social Responsibility Performance. It focuses in four main areas – Environment, Labor & Human Rights, Ethics and Sustainable Procurement – evaluating our Policies, Actions and Results in all these areas.

Our 2018 EcoVadis score was the highest ever, where we achieved a Silver rating. Our overall score of 53, and areas scores, places us above the Industry average:

LOGOPLASTE 2018 **ECOVADIS** SCORE

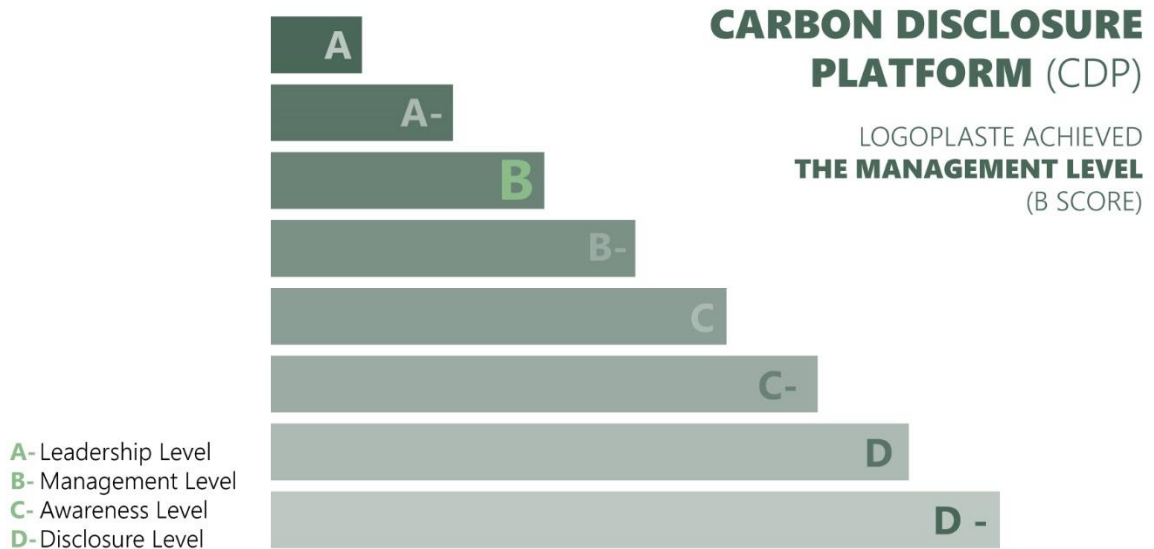

Press Release

LOGOPLASTE’S ECOVADIS AND CDP RESULTS

HIGHEST SCORES EVER

The Carbon Disclosure Platform (CDP) evaluates Logoplaste’s level of Environmental Stewardship and our actions in Managing Climate Change.

As for the CDP Climate Change, this was the first year we submitted our results for the entire company, all our 63 sites, and we achieved the Management Level (B score), placing us also above the Industry average.

Our participation in these two sustainability rating worldwide platforms is an essential KPI. We can benchmark with other global companies in our market segment and have a transparent scorecard to share with all our stakeholders, be it clients, business partners, suppliers, shareholders.

Press Release

LOGOPLASTE'S ECOVADIS AND CDP RESULTS HIGHEST SCORES EVER

Sustainability has been at the heart of Logoplaste since its inception in 1976, with our revolutionary business model W2W. Now we take stronger steps into shaping a better future, a sustainable future for the rigid plastic packaging industry.

Our success is a shared one and Logoplaste Community is an essential part of the process.

About Logoplaste

Logoplaste is an industrial group, manufacturing rigid plastic packaging for many well-known global companies, across the food and beverage, personal care, cosmetics, household care and oil and lubricants sectors. Founded in 1976, for over 40 years the company has pioneered in-house manufacturing with the "through the wall" concept, supplying plastic packages "just-in-time" from plants installed directly on the sites of partner clients. Logoplaste currently manages 61 factories, with locations in 16 countries: Brazil, Belgium, Canada, Czech Republic, France, Italy, Poland, Mexico, Netherlands, Portugal, Russia, Spain, Ukraine, United Kingdom, USA and Vietnam. The most up-to-date technologies in injection molding, stretch-blow molding and extrusion molding are used to produce packages across a wide range of market segments. www.logoplaste.com

About Logoplaste Innovation Lab

Logoplaste Innovation Lab partners with companies and entrepreneurs to research and develop the most Desirable, Feasible, Viable and Sustainable Packaging solutions. It offers a complete and integrated breadth of expertise that supports all phases of packaging development, from design and engineering to full industrial implementation. www.logoplasteinnovationlab.com
